

Announcement of the Pollution Control Department
on Trustworthy Intention

The Pollution Control Department emphasizes on prevention and suppression of corruption and malfeasance policy in accordance with the 20-years National Strategy (2017-2036) and the 12th National Economic and Social Development Plan (2017-2021). The Pollution Control Department's Action Plan on Prevention and Suppression of Corruption and Malfeasance then has been formulated to mobilize the national strategy on prevention and suppression of corruption (phase three 2017-2021). The action plan is formulated in line with the efficiency and principal of good governance in public administration.

I, as Pollution Control Department's executive, aware and give priority to the issues of corruption. I commit to administrate the organization with honest, transparent, accurate, equitable and altruistic, and will enhance culture and morality in the organization. Pollution Control Department discloses its trustworthy intention on its mission and implementation as follows:

1. **Transparency:** Work with responsibility and honesty without obscuring or perverting any information; disclose with transparency and accountability as well as conduct completely and promptly in all process, including grant opportunities for stakeholders to participate in the implementing process.
2. **Accountability:** Work enthusiastically, pay attention and be ready to serve willingly by holding the principal of law, regulation, accuracy, equity, and accountability.
3. **Corruption-free:** Perform duties honesty, trusty, altruism, incorruptible, and without action of malfeasance to be in line with the concept of conflict of interest in implementing process to suppress corruption.
4. **Culture of Integrity:** Conduct accurately, equally, and shall not accept any corrupted behavior; be courageous to recommend the facts; promote and support culture of integrity, ethics and morality in organization.
5. **Work Integrity:** Implement with full competency following standards, processes, systems, within accuracy, prudence and legality, including indiscriminate implementation.

Announced on 5 March B.E. 2561 (2018)

(Mrs. Sunee Piyapanpong)

Director General

Pollution Control Department
