

Application Form for the Fellowship for Building Leadership in Atmospheric Environment and Air Quality Management in East Asia in 2025

Please fill out all the necessary information following the instructions described in the columns.

The completed application form should be submitted through the NFPs and reach the NC by **14 February 2025**.

The contact persons of NC are Dr. Ken YAMASHITA (kyamashita@acap.asia) and Ms. Miho TAMURA (tamura@acap.asia), Planning and Training Department.

1. Name	(First) (Middle) (Family)			
2. Country				
3. Date of birth	(Day) (Month) (Year) / /	4. Gender: Male Female		
5. Position				
6. Div./Dept.				
7. Organization				
8. Mailing address	(where you would like us to mail documents; NOT email address)			
9. Contacts	Tel: Fax: Email Address 1: Email Address 2 (just in case):			
10. Academic Background: (education starting from the latest one, i.e., university level or above)				
Name of University/ Institution		Location	Degree	Date of Graduation (Month, Year)
11. Research Background and/or Interests (This part will provide information on the applicant's research background/interest and feasibility of research work in Fudan University and the NC. Please describe as detailed as possible. Separate paper could be attached.)				

12. Previous Employment (start from the latest one)			
Name of institution	Location	Position	From-To
13. Research Plan			
<p>(1) Title of research (Title should indicate clear objective of the research. Just only laboratory work or data analysis will not be appropriate.)</p> <p>(2) Background and objective of proposed research (300-500 words in length is desirable. This part should include previous research results, identification of scientific issues, scientific facts to be elucidated. The objective should meet the candidate research themes in Annex 2.)</p> <p>(3) Proposed work plan (300-500 words in length is desirable. This part should include detailed research plan and the methods such as field monitoring, chemical analysis, data evaluation, modeling, interview, questionnaire survey, survey on literature etc. for achieving the objectives of the research in a clear and specific manner. Describing research activities on week-by-week basis would be clearer. It should be consistent with the research period in the above item.)</p> <p>(4) Expected results and benefits for the EANET (300-500 words in length is desirable. Expected results and significance of the research in atmospheric environment research in East Asia. Also, should keep in mind that the expected results should give benefits to EANET.)</p>			

<p>14. Additional work after the Fellowship term if necessary (Because of limitation of the fellowship term, it may be difficult to complete the research work in some cases. This part should describe the additional work to be implemented in the applicant's organization and the necessary support by Fudan University and the NC.)</p>
<p>15. Other things that the secretariat of the fellowship should know of (if any).</p>
<p>16. Project Experience (if there are any projects you have hosted/joined)</p>
<p>17. Major Publications (Incl. peer-reviewed journals, non-reviewed articles, and other project or government reports in the last 5 years (up to 10, starting with those for which you are the first/correspondent author))</p>
<p>Authors (all), Title, Name of Journal/Report, Vol., No, pp-, Month, Year</p>
